## PROFILE

**Technical & Creative Professional** – Programmer and Graphics Designer with expertise in developing optimized digital solutions and impactful visual designs. Adept at merging analytical problem-solving with creative execution to deliver high-performance applications and compelling user experiences. My work is driven by precision, innovation, and a commitment to efficiency—whether refining backend logic or crafting intuitive interfaces. Seeking a forward-thinking team where I can apply my dual skill set to meaningful projects while expanding my expertise in emerging technologies

## WORK EXPERIENCE

● **MMC BSc-CSIT Association**

2021-2025

**Executive Board Member**

- Played a key role in strategic decision-making to enhance student welfare and academic initiatives.
- Led a 5-member team to organize a Coding/Designing workshop with 100+ participants, significantly increasing campus engagement in tech-related activities.
- Collaborated with faculty and peers to address student concerns and implement improvement plans

● **MMC BSc-CSIT Association**

2023 - 2025

**Graphics Designer**

- Designed visually compelling graphics for events, campaigns, and promotional materials.
- Contributed to branding efforts, ensuring consistency and creativity across all visual assets.
- Assisted in digital content creation, enhancing engagement through impactful designs.

● **Quality Computer**

2024 - 2025

**Network Administrator Intern**

- Assisted in configuring, maintaining, and troubleshooting LAN/WAN networks, ensuring optimal performance and uptime for 100+ users.
- Monitored network security systems, identifying and resolving vulnerabilities under senior supervision.
- Collaborated with IT teams to deploy network upgrades and new infrastructure (e.g., routers, switches, firewalls)
